

"Filipino feast at Casa Manila is hands-on fun. Other kamayans can be found in the city, but Casa Manila's is the homiest. And it's good fun. It is an Instagram-worthy spread, impressive in scope and colour."
 -Amy Potaki, Restaurant Critic, Toronto Star

SINCE 2012
TORONTO'S FIRST KAMAYAN RESTAURANT

OUR KAMAYAN STORY

In 2012, Casa Manila introduced **KAMAYAN** to Toronto for the very first time. Since then, we have served thousands of diners who have discovered the allure of **KAMAYAN** dining done the Casa Manila way. Today, hand-to-mouth dining is one of the fastest growing trends in North America. Our **KAMAYAN** is designed to delight your senses.

Unlike "boodle fight" which has military roots and where everyone takes food from the middle and "fights" over it, Casa Manila's way is different. Ours is rooted in the tribal tradition of sharing, however, we think of the comfort of each diner. We portion each diner's menu selection, which allows you to separate your portion from others. This not only maintains the sanitary aspect; no one touches your food, it also ensures that you will have your fair share. Our **NATURE TO NURTURE** philosophy ensures your **KAMAYAN** feast is freshly cooked, as you are having your starters, using real ingredients, without the use of MSG and artificial enhancers. We use local meat, sea salt and quality ingredients for a healthy and wholesome approach.

Casa Manila's **KAMAYAN** offers a unique cultural dining experience that is distinctive and extrasensory. It is a feast for the senses! In a modern world, where we hurry to satisfy our hunger and is dominated by technology, our **KAMAYAN** rediscovers the importance of communal dining through a savoury feast.
